Description

And here is the sibling of Shinobu's former release "Shiho". "Takeshi" was recorded with the same setup as "Shiho", an electric guitar and a feedback device, and also in its duration it is quite similar, four tracks and about 35 minutes long.

Oscillating guitar tones, little shifts in tone and color, enjoy the extended trip into Shinobu's wonderful and exciting soundworld with both releases "Shiho" and "Takeshi".

Thanks to Shinobu for this wonderful release. Thanks to all other artists on Resting Bell for your work and passion and thanks to all the listeners and fans for your support. Farewell 2012, Welcome 2013.
